

From left to right, Tuomas Kiiskinen, Markku "Luigi" Nord and Mari Jokinen.

OnGolf gets a top player! Markku "Luigi" Nord joins the team.

OnGolf is Finland's largest and most diversified Golf Tour Operator. It offers golf holidays, golf pro trips, customised group trips as well as golf tournaments and events arranged during the summer.

Markku "Luigi" Nord is one of the greatest names in Finnish golf travel industry. For decades, he has planned and arranged trips to the world's best golf destinations as well as golf-related theme events that are currently implemented through his Via Nord company.

"Luigi's accomplishments as an organiser of golf trips and theme events are legendary. His presence will help us diversify and strengthen our product selection. Luigi is a highly skilled professional whose visions match our business idea superbly," says Tuomas Kiiskinen about OnGolf's expectations.

The OnGolf tournament and theme trips that are planned and arranged by Luigi are identified by the "Via Nord" brand. Trips can be booked through OnGolf's website or via telephone sales. OnGolf also functions as a tour operator.

"OnGolf is a top professional in golf and in tour operator business. We combine the best resources and work with golf destinations all over the world. Together we are simply stronger. The combined experience gained from decades of working with domestic and foreign contacts is beyond compare. Gredibility, service-oriented, pioneering – better golf trips in many ways," is how Luigi sums up his future plans.

The results of the new cooperation can already be seen in OnGolf's Spring 2019 travel catalogue. The trips listed on OnGolf's website www.ongolf.fi are identified by the logo shown below.
